Winter Wonderland Games

TIC TAC TOE

Take turns marking the spaces with an X or O. The player who places three of their marks in a horizontal, vertical, or diagonal row wins.

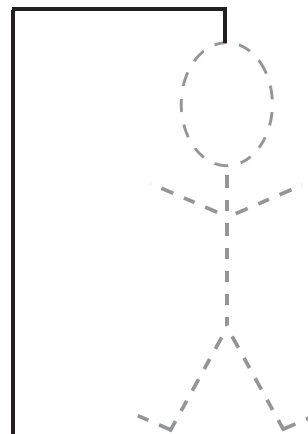

Sometimes the winter months are long. To pass time Hamlet and Shelly love challenging each other playing traditional pencil and paper games, below are a couple of their favorites!

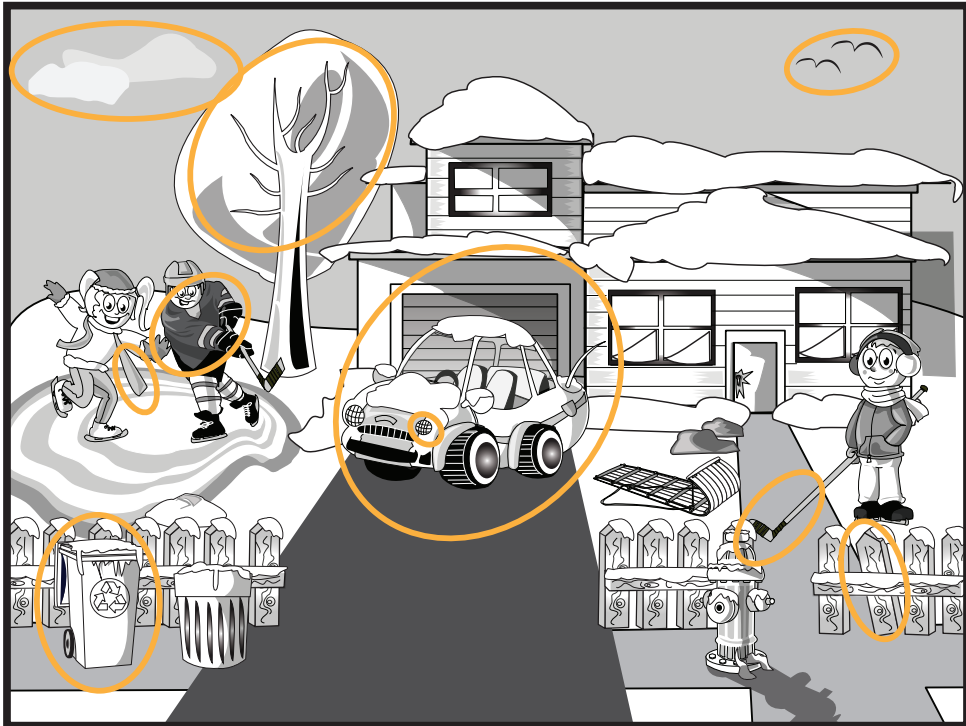

HANGMAN

Think of a word & mark out blanks (short lines) for each letter of the word. Then another player will guess a letter. If that letter is in the word(s) then write the letter in everywhere it would appear, cross out that letter in the alphabet. If the letter isn't in the word then trace a body part (head, body, left arm, right arm, left leg, right leg, left foot, right foot). The player will continue guessing letters until they can either solve the word (or phrase) or all eight body parts are traced.
